

INTRODUCTION

The Trauma Nursing Core Course (TNCC) is a one-and-a-half-day course developed by the Emergency Nurses Association to present a firm foundation in trauma nursing and to provide nurses with core or basic trauma cognitive knowledge and psychomotor skills that are associated with the delivery of professional nursing care to the trauma patient.

The goal of TNCC is to improve trauma patient outcomes by providing nurses with foundational trauma knowledge, skills, and a systematic Trauma Nursing Process to guide trauma patient care.

Verification of successful course completion is based on passing the written exam and the Trauma Nursing Process (TNP) psychomotor skills station. Verification is valid for four years.

PRE-REQUISITES

Participants must be an RN and possess a current unrestricted nursing license to receive verification.

It is preferred that participants have at least six months of clinical nursing experience in an emergency care setting before attending the course. It is assumed that the course participant possesses generic nursing knowledge, has an understanding of emergency care terminology, and has familiarity with standard emergency equipment.

Pre-course preparation is essential. This includes completing the online modules and studying the 9th edition TNCC Provider manual.

Email address is **REQUIRED** to complete on-line modules and for course confirmation.

The Emergency Nurses Association is accredited as a provider of continuing education by the American Nurses Credentialing Center's Commission on Accreditation.

The Emergency Nurses Association is approved by the California Board of Registered Nursing, Provider #2322.

This 9th edition TNCC provider course has been approved for 17.5 contact hours for RNs.

ADA STATEMENT:

In accordance with the ADA, please advise us whether you are a person with a disability and require other materials and/or services so that appropriate personnel can be advised.

FACULTY DISCLOSURE STATEMENT:

All faculty participating in continuing education activities sponsored by **Emergency Nurses Association** are required to disclose to the audience any relevant commercial relationships, and/or non-FDA approved use of a drug or a device that is included in the presentation.

REGISTRATION

Pre-registration is required.

Participant seats are limited based on instructor-to-student ratios. Seats will be assigned to paid registrants in the order registration fees and materials are received.
